CODE of CONDUCT and ATTENDANCE POLICY

The Chillicothe City Board of Education recognizes the right of each student to receive an education. The Board further recognizes that the primary responsibility of the Chillicothe City School District and its professional staff is to provide all students access to equal educational opportunities and equal consideration under the rules and regulations governing student behavior. These opportunities provide experiences which assist each student in becoming a responsible individual capable of fulfilling his/her role as a citizen. As required by Ohio Revised Code 3313.661, the Chillicothe Board of Education has adopted a student code of conduct.

It is the responsibility of each student, parent and citizen to understand that the school is a community governed by rules and regulations. The major purpose of these expectations is not punitive control; rather, it is intended to protect the rights of those who wish to make full use of their educational opportunities. Those individuals enjoying the rights of education must accept the responsibilities of good citizenship. Students may forfeit their right to educational opportunities when their conduct is such that it disrupts the educational process, deprives others of their rights, or violates the law. The Board of Education acknowledges that deprivation of rights may only occur with just cause and by due process of law.

In addition to academics, one of the most important lessons education should teach is discipline. While it does not appear as a subject, discipline underlies the whole educational structure. Good discipline is necessary to provide an atmosphere of learning for all students. Each teacher will review the school rules with his/her students. Parents are encouraged to contact the school if they have any questions about discipline practices or school expectations for proper student discipline. A school without fair discipline is a school where quality education suffers. All students must be in a safe environment while at school.

RIGHTS AND RESPONSIBILITIES

Scope: The Student Code of Conduct is in effect for all school and school-related activities, including, but not limited to, school authorized transportation, clubs, organizations and athletics. The purpose of the Code is to provide the guidelines and procedures governing student conduct and discipline in the Chillicothe City Schools. **The examples used in this Code are not intended to be all-inclusive in defining violations.**

Power of School Authorities: The power of school authorities over pupils does not cease when they leave the school premises. The items in this Code of Student Conduct are applicable to all students when properly under the authority of school personnel during any school activity, function or event, whether on property owned, rented or maintained by the Chillicothe City Schools or property owned, rented or maintained by another party. Additionally, the provisions of this Code shall apply to students if the prohibited act occurs while on the premises immediately adjacent to school property, within the line of sight of school property or on school transportation, or if the act otherwise affects the operation of the schools. In addition, the Student Code of Conduct applies to misconduct by a student that, regardless of where it occurs, is directed at a district official or employee or the property of an official or employee.

Adult Students: Students 18 years of age and older are not exempt from any school rules and regulations.

All students have the right to an education. That right carries with it responsibilities; primarily, to respect the rights of others. This includes the avoidance of any discrimination in regard to race, color, natural origin, gender, religion, handicap, or sexual orientation. Rights of all students are best served in a school that is well organized and safe in order to maintain a positive climate for learning. When inappropriate student behavior disrupts effective learning conditions, students may be denied participation in the educational system for varying periods of time.

Students also have the right to communicate grievances without threat to grades, course credits, college recommendations or other aspects of scholastic life. Clearly stated rules and regulations ensure that all students know what is expected of them. The following Code of Conduct is designed to make students and parents aware of the rules and regulations and the consequences of failure to obey same.

RULES AND REGULATIONS FOR THE BEHAVIOR AND DISCIPLINE OF STUDENTS

Teaching personnel are responsible for managing student behavior and handling discipline problems that occur within their range of responsibility. Teachers may call on other school personnel to help in discharging their responsibilities. They may refer students to the building administrator who is then responsible for determining further disciplinary action. Referrals will be made to the appropriate law enforcement agency in regard to suspected criminal offenses. The use of video surveillance equipment may be used in the investigation of violations of the Code of Conduct. Students may be disciplined as a result of what is recorded.

An administrator may deal with student misconduct in a variety of ways, including but not limited to: parent involvement, counseling, detention,
Revised May 2019

GUIDELINES FOR DRESS

Although the major responsibility for good grooming rests in the home with each student and his/ her parents, the school has certain concerns based on consideration of health, safety, and the maintenance of a school atmosphere that promotes study and learning. The mission of each school fosters the development of social skills, respect for all people, and understanding and respecting diverse viewpoints, all with the goal of providing a safe, friendly and productive learning environment for all students. The school recognizes fashions in student dress change from time

Revised May 2019

When student appearance becomes extreme or, in the opinion of the school's professional staff, violates health or safety regulations, or is not in keeping with appropriate dress for school wear, or violates commonly accepted standards of modesty, such appearance is not acceptable. Notwithstanding the information contained herein, the Superintendent or his/her designee shall make the sole determination as to the standards of acceptability and appropriate dress.

3. All clothing shall be properly fitted. All trousers, including oversized or low-hanging trousers, must be worn and secured at waist level. A belt must be worn at waist level with oversized trousers. **Leggings/Yoga pants must be covered by modest shorts, skirt, or dress.**

DEFINITIONS AND DISCIPLINARY CONSEQUENCES

The CCSD believes in addressing conflict through restorative practices that foster healthy relationships and promote positive discipline in our schools. The district will make every attempt to reduce, prevent, and improve harmful behavior by repairing the harm and resolving conflict caused by violating the Code of Conduct and restoring positive relationships among students, staff, and stakeholders. The following disciplinary consequences are some of the potential actions that may occur if a student violates the code of conduct.

Community Conferencing: A conflict resolution technique that involves conferencing with all stakeholders, students and staff, affected by the behavior where preventative measures are put in place to respond to the conflict and improve the behavior.

Behavior Contracts: A positive-reinforcement intervention that lays out in detail the expectations of a students and stakeholders in carrying out an intervention plan to improve behavior.

Community Service: The superintendent may require a student to perform community service in lieu of or in conjunction with a suspension or expulsion. (Not applicable for firearm violations.) Such community service may be performed at the school or in the community. It will be the responsibility of the student to arrange for such community service.

Peer Mediation/Peer Jury: A student may have to appear in front of trained student jurors or participate in a peer mediation group to collectively

Revised May 2019

discuss why a rule was broken, who was affected, and how the referred student can repair the harm caused.

Circle Process: A restorative practice that can be used proactively, to develop relationships and build community, or reactively, to respond to wrongdoing, conflicts and problems. Circles allow students and educators to be heard and offer their own perspectives and to deal with difficult situations.

Tutoring/Counseling Services: A student could be assigned to on or off-site tutoring in lieu of other consequences as well as referred for counseling services. The district works closely with organizations such as The Counseling Source and Integrated Services.

In-School Suspension (ISS): A student may be assigned to in-school suspension. Although removed from his/her "regular" classes he/she will be permitted to earn credit when in ISS if work is completed on a daily basis while in ISS.

Student Management Room (SMR): A student may be instructed to report to the Student Management Room (SMR) during the school day if he/she is tardy to school, tardy to class, or is disruptive in class. The student will remain in SMR for the rest of the period and be assigned a working lunch for the next school day to make up the class work he/she missed when he/she was sent out of class. This disciplinary action can be issued by classroom teachers or building staff.

Reverse Suspension: In lieu of a student being suspended from school, the student's parents/guardian is invited to come to school and spend the entire day with the student.

Temporary Denial of Admittance: The Superintendent may, after offering an opportunity for a hearing before the Superintendent or his/her designee, temporarily deny admittance to the Chillicothe City Schools to any student if the student has been expelled from the schools of another district and the period of the expulsion has not expired. Any student who is temporarily denied admittance to the Chillicothe City Schools, or the student's parent, guardian or custodian, may appeal that denial to the Board of Education's designee, who may affirm or reverse the denial on the basis of the record so made.

Emergency Removal is defined as the immediate denial of either a place within a classroom or elsewhere on school premises to a student whose presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process.

Detention: Students may be required to remain in school after the school day with the notification of parent or guardian. Usually, the student remains after school the next day after parent notification.

Special Assignments: Students may be required to perform reasonable tasks as suited to the disciplinary infraction.

Withholding of Privileges: Special privileges such as recess, library and hall passes, or parking permits may be withheld.

Court or Police Referral: Students may be referred to court authorities or to law enforcement officials for violation of the law while under the authority of school personnel, violation of the Student Code of Conduct, poor attendance patterns, chronic misbehavior, fighting, etc., which may result in the student being placed at the Ross County Juvenile Detention Center.

Alternative School: A student may be assigned to an alternative school. Although removed from his/her "regular" classes, he/she will be permitted to earn credit when work is completed on a daily basis while in the alternative school. A student in the alternative school, however, will be denied participation in any extracurricular activity during the duration of the alternative school placement. In some cases, alternative assignments may have to be given students, due to the nature of their courses.

Friday Evening/Saturday School: A student may be assigned to a Friday Evening/Saturday School. Friday Evening/Saturday School is not appealable as a suspension. Student absence(s) from Friday Evening/Saturday school may result in a change of discipline, reassignment of the Friday Evening/Saturday School, or suspension. An "unexcused" absence from Friday Evening/Saturday School may result in an up to ten (10) day in-school suspension or ten (10) day out-of-school suspension.

ADMINISTRATIVE REMOVAL FROM SCHOOL

Section 3313.66 of the Ohio Revised Code grants school authorities that right to remove students from school for violations of its Code of Conduct. Students may be suspended for up to 10 days for an infraction by the Superintendent of Schools, the principal, or by a building level administrator. The Superintendent of Schools may expel students for a period not to exceed 80 days unless a dangerous weapon is involved. In that case, the Superintendent may expel the students for a period of one calendar year.

The Superintendent, or his/her designee, may remove a pupil from a classroom, activity or school premises without prior notice or hearing if the

Revised May 2019

pupil's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the educational process. A teacher may remove a pupil from curricular or extra-curricular activities under his/her supervision. A student may be suspended or expelled for violations of the Code which occur on school property, or at school-sponsored activities on or off school property, or on the way to or from school-sponsored activities, or for misconduct which is directed at a district official or employee, or the property of such official or employee.

1. Suspension

No student may be suspended for more than 10 school days for an infraction.

If a student is removed on an emergency basis for a period which exceeds 24 hours, then a written notice of the hearing and of the reason for the removal shall be given to the student as soon as practical prior to the hearing. The hearing shall be held within 72 hours from the time the initial removal is ordered.

Within 24 hours after the time of a student's suspension, the principal shall provide written notification of the suspension to the parent, guardian, or custodian of the pupil, and the Treasurer of the Board of Education. The notice shall include the reasons for the suspension and notification of the right of the pupil and/or his/her parent, guardian or custodian to:

- appeal such action to the Superintendent of Schools, who serves as the Board's designee on suspension appeals,
- be represented in all such appeal proceedings,
- be granted a hearing before the Superintendent or his/her designee in order to be heard against such suspension.

Any such appeal must be filed with the Treasurer of the Board of Education in writing within 10 calendar days of the suspension. The district is permitted to deny admission to any student who is currently under a period of suspension from another district in Ohio.

On the first offense at the K-5, 6-8, or 9-12 grade bands resulting with a one to ten day suspension and not being a Recommendation for Expulsion or fight/violence incidence, a student will be permitted to make up classroom work and tests missed while serving the out-of-school suspension (OSS). The assignments are posted on Progress Book or parents only may pick up assignments at the office after calling and requesting the assignments. Make-up work must be completed based on the number of days of suspension. (i.e., 5 days suspension, 5 days to make up work. 8 days suspension, 8 days to make up work.) It is the student's responsibility the day he/she returns to school to conference with the teachers for the date of the make-up test(s) and finalize work missed. Students may not attend any school functions, home or away, while serving OSS. **Students are not permitted on school grounds while serving OSS**

If at the time of the OSS there are fewer than ten days remaining in the school year, the Superintendent may require the pupil to participate in a community service program or other alternative consequence during the first full week day of summer break. Each district may develop an appropriate list of such alternative consequences. If the pupil fails to complete the service or alternative consequence, the district may determine the next course of action, which shall not include requiring the pupil to serve the remaining time of the suspension at the beginning of the following school year.

2. Expulsion

Expulsion is a removal of a student for more than 10 days and up to 80 days or the number of school days remaining in the semester in which the incident takes place, whichever is greater.

The student and his/her parent, guardian or custodian will be given prior written notice of the intention to expel the student. The notice shall include the reasons for the intended expulsion and notification of the opportunity of pupil and his/her parent, guardian, custodian and/or representative to appear before the Superintendent or his/her designee to challenge the reasons for the intended expulsion or otherwise to explain the student's action, together with notification of the time and place to appear.

Within 24 hours after the time of a student's expulsion the Superintendent shall provide written notification of the expulsion to the parent, guardian, or custodian of the pupil, and the Treasurer of the Board of Education. The notice shall include the reasons for the expulsion and notification of the right of the pupil and/or his/her parent, guardian or custodian to:

- appeal such action to the Board of Education, or designee,
- be represented in all such appeal proceedings,
- be granted a hearing before the board or its designee in order to be heard against such expulsion.

Any such appeal must be filed with the Treasurer of the Board of Education in writing within 14 calendar days for an expulsion after the notice has been issued.

Students who are expelled cannot receive high school credit for post-secondary courses during the expulsion period.

Revised May 2019

The superintendent is required to initiate proceedings against a pupil who has committed an act that warrants expulsion under the Board's Policy, even if the student withdraws from school. If the superintendent determines expulsion is warranted, disciplinary action must be handed down for the same period as would be appropriate for a student who had not withdrawn.

A student may be expelled for a period not to exceed one year for committing an act that is a criminal offense when committed by an adult and that results in various physical harm to persons or property or any property owned or controlled by the board or at an interscholastic competition, extra-curricular event, or any other school program or activity.

If the expulsion is for more than twenty school days, or it will extend into the following semester or school year, the notice must also provide information including names, addresses and phone numbers about services offered by public or private agencies that work toward improving those aspects of the student's attitude and behavior that contribute to the expulsion.

3. Permanent Expulsions

A student who brings a weapon or knife to school or to a school activity requires an expulsion of not less than one year, except that the district superintendent may modify the expulsion on a case-by-case basis.

A student who makes a bomb threat to a building or premise may receive a full-year expulsion.

If a student age 16 or older has been convicted of or adjudicated a delinquent child for the following reasons, the superintendent is empowered to issue an adjudicated order that permanently excludes a student from attending any Ohio public school.

1. illegal conveyance or possession of deadly weapons or dangerous ordnance on school premises (ORC 293.122);
2. carrying concealed weapons on school property or at an activity (ORC 2923.12);
3. selling or offering to sell or possessing a controlled substance or drug abuse instrument, other than a minor drug possession offense on school property or at a school activity;(ORC 925.03 or ORC 2925.11);
4. aggravated murder, voluntary manslaughter, felonious assault (ORC 2903.11), rape (ORC 2907.02) gross sexual imposition (ORC 2907.05), felonious sexual penetration on school property (ORC 2907.12) or at a school function if the victim at the time of the act was a school employee.
5. complicity in any of the above - described violations regardless of whether the act of complicity was committed on school property or at a school activity.

LIABILITY OF PARENTS FOR STUDENT MISCONDUCT

Under Ohio law, parents having custody of a minor under age 18 are liable for the student's willful damage to school or private property or the theft of such property. The Board of Education, or any other owner of property, can bring a civil action against the parents to recover compensatory damages. Any person(s) who has been willfully and maliciously assaulted by a minor may recover compensatory damages from the parent/guardian.

SEARCH AND SEIZURE

The following rules apply to the search of school property assigned to a specific student (locker, desk, etc., and the seizure of items in or on his/her possession as identified in Ohio Revised Code 9.70, 9.71, 9.72:

1. There should be reasonable cause for school authorities to believe that articles are kept in the locker, desk, or other storage space whose possession constitutes a crime or rule violation.
2. Search of an area assigned to a student should be for a specifically identified item(s), and, if possible, conducted in his/her presence and with his/her knowledge.
3. General housekeeping inspection of school property may be conducted on a periodic basis.
4. Illegal items (drugs, weapons, etc.) or other possessions reasonably determined to be a threat to the safety or security of others may be seized by school authorities at any time.
5. Lockers and school desks are school property and may be searched at any time.

Searches of Student Property by Police

A proper search warrant by police is required for any search of a student's personal property kept on school premises; however, if the police have reason to believe any item that might pose an **immediate** threat to the safety or security of others is kept in a student locker, desk, or other

Revised May 2019

storage space, searches may be conducted without a previously issued warrant.

SECURITY DIGITAL VIDEO RECORDINGS

The Chillicothe City School District may record security images on District property. These recordings, which are made for the protection and welfare of the school community, typically contain images of many students, as well as District employees and other person.

Security recordings contain personally identifiable information about students. State and federal laws generally prohibit the release of this information about students. State and federal laws generally prohibit the release of this information, and the District has not designated the recordings as "directory information" that may be disclosed without the prior written consent of the students' parents or guardians. Security recordings, and the personally identifiable information contained on the recordings, will be disclosed only when authorized by law or when the disclosure is made to school officials with legitimate educational interests. The videotapes otherwise will not be disclosed to any person.

STUDENT INTERVIEWS

1. Prior to interviews of minor students by the police, the building principal will make every effort to contact the parent or legal guardian for permission, and an administrator or counselor will remain throughout the interview.
2. Students shall not be permitted to leave the school with an officer unless parental/guardian permission has been granted or a warrant has been issued and presented to the principal or unless the student is to be taken directly into custody for the purpose of being charged with an unlawful act.
3. Law enforcement officers from communities outside the Chillicothe City School District with warrants shall be requested to ask the appropriate local police department for courtesy assistance when serving warrants on school property.
4. Law enforcement officers, court officials, or others should not be permitted to interrupt normal school activities in their investigative activities, except in cases of immediate threat to safety or security. Children's Services, with the permission of the principal and by prior written agreement approved by the Superintendent, shall have permission to speak to students when deemed necessary for the safety and welfare of the child.

STUDENT CONDUCT ON SCHOOL BUSES

Although the Chillicothe City School District furnishes transportation in accordance with state law, it does not relieve parents of students from the responsibility of supervision until such time as the child boards the bus in the morning and after the child leaves the bus at the end of the school day. Only when a child boards the bus does he/she become the responsibility of the school district. Such responsibility will end when the child is delivered to the bus stop at the close of the school day. Students on the bus are under the authority of and directly responsible to the bus driver. The driver has the authority to enforce the established regulations for bus conduct and safety, including but not limited to assignment of seats for any or all students.

Disorderly conduct or refusal to comply with basic safety regulations and procedures will be sufficient reason for denial of transportation service to any student. Such regulations and procedures also apply to transportation to athletic events, field trips, and other student activities. As identified by the Ohio Revised code 3109.09 and 2307.070, no student will willfully damage or attempt to damage a school bus.

ATTENDANCE POLICIES

Philosophy: The Chillicothe Schools have a commitment to provide a formal quality education to its students. To achieve this goal, students must consistently be in attendance at school.

All students are expected to be in all classes and study halls. Attendance and promptness to class is the responsibility of each student and his/her parents or guardian. Attending classes and being on time allows the student to benefit from the school's program in addition to developing habits of punctuality, self-discipline, and meeting responsibilities.

Students must attend school regularly if they are to derive maximum benefits from the educational process such as:

- Group activities
- Dialogue between student and teacher
- Lectures
- Quizzes, tests, and examinations
- Films
- Guest speakers
- Special instructions
- Class discussion

Revised May 2019

- Individualized assistance

Teachers have a commitment to provide classroom instruction which will be dynamic, productive, creative, and instructive. Without consistent, timely student attendance, it is extremely difficult, if not impossible, for teachers to meet these educational goals. Continuity in the learning process is seriously disrupted through a student's excessive absences. Make-up work is not a good substitute for classroom attendance.

Generally, students who have good attendance have demonstrated higher grades, enjoy school more, are better citizens and are more employable after leaving high school. The lack of good attendance usually causes students to achieve a level below their potential; these students frequently experience academic difficulty in school. Therefore, to ensure the highest level of student success, Chillicothe Schools will work cooperatively with parents and students to promote increased student attendance. This policy will be based on state attendance standards, clear and enforceable guidelines, and positive motivation for good attendance.

Compulsory Attendance: Section 3321.04 of the Ohio Revised Code provides that every parent, guardian, or other person having charge of any child of compulsory school age must send such child to school for the full time the school is in session. Such attendance must begin within the first week of the school term or within one week of the school term, or within one week of the date on which the child begins to reside in the district.

THE STATUTES GOVERNING SCHOOL ATTENDANCE ARE VERY SPECIFIC AND LEAVE LITTLE OPTION FOR SCHOOL AUTHORITIES TO EXCUSE CHILDREN FROM SCHOOL.

The Ohio Revised Code, Administrative Code 3301 classifies absences from school as EXCUSED or UNEXCUSED. The Ohio Revised Code identifies the following conditions as constituting reasons for excused absence from school:

1. Personal illness: The administrator may require the certificate of a physician if he/she deems advisable.
2. Illness in the family necessitating the child's presence. A written statement from a physician may be required.
3. Quarantine of home: Absence is limited to the length of quarantine as fixed by proper health officials.
4. Death of a relative: Absence is limited to a period of three days unless a reasonable cause may be shown.
5. Medical or dental appointments: The administrator may require a doctor or dental slip as to why the absence was necessary.
6. Observance of religious holiday: Absence was for the purpose of observing a religious holiday consistent with his/her truly held religious beliefs.
7. Emergency or set of circumstances which in the judgment of superintendent of schools constitutes a good and sufficient cause for absence from school.
8. College visits. The approving authority may require verification of date and time on this visit. Seniors have a limit of three days per year. Applications shall be made with the guidance counselor. Students in grade 11 may be allowed the same privilege with adult/parental supervision. College visitations may not be excused during the first and last two weeks of school. These absences will not be included in the denial of credit.

The final responsibility for educational assignments will rest with the parent/guardian of the child; the parent/guardian must not expect work missed by their child to be re-taught by the teacher.

The district attendance policy will be distributed to parents at the beginning of each school year. Each school will review the procedures and expectations with all students no later than the first week of school. Parents are expected to review the policy with their child as well. Each building will provide opportunities to recognize students for excellent attendance each grading period. Each building will provide an incentive program to encourage and reward students demonstrating excellent attendance. Consideration will also be given to recognize students who improve their attendance from one grading period to the next. Any student who has exemplary attendance (missing three or fewer days) or perfect attendance for the school year will be recognized by the Board of Education at the June Board Meeting.

A parent or medical note is required to be turned in to the school within two days of returning from an absence for all absences. If not, the absence will be considered as unexcused.

CCSD Student Homework Attendance Responsibility Program (SHARP)

Student in grades K-12 who are absent for more than 8 days (excused or unexcused) or have more than one unexcused absence will be required

Revised May 2019

to attend the **Student Homework Attendance Responsibility Program (SHARP)** sessions. Students having Academic Difficulties combined with Attendance Problems will be given priority when assignments are made to **SHARP**. Students are required to make up all unexcused absences or assigned time by the timeline determined by the principal or designee by attending **SHARP** sessions. Students in grades K-12 will attend 1 hour of make-up time for every 4 unexcused tardies or early sign outs. Students will attend **SHARP** sessions for excessive tardies to school at the discretion of the principal. Transportation to and from **SHARP** sessions is the responsibility of parent/guardian.

SHARP is designed to provide a great opportunity for students to improve their academic performance and attendance and to assist students in overcoming their academic difficulties caused by chronic absences.

The tutoring/make up sessions will be held after school as scheduled and announced by the building principal.

Failure to serve the assigned tutoring/make-up sessions may result in a loss of privileges and or disciplinary consequences at the discretion of the building principal. Transportation to and from tutoring/make-up sessions is the responsibility of the parent/guardian.

MEDICAL STATEMENTS

A medical statement from a doctor will be required by the Attendance Office for absences totaling more than six (6) days during one semester or for absences totaling more than twelve (12) days during the school year. Extended illness may require exception to this rule.

MANDATED JUVENILE COURT ATTENDANCE PROCEDURES

Definitions:

1. habitual truant - any child of compulsory school age who is absent/tardy without a legitimate excuse for 30 hours or more consecutively, 42 hours or more in a school month or 72 hours in a school year.
2. school day - the school day as established by the State Board of Education.
3. school month - consists of four school weeks and a school week consists of five school days.
4. school year - beginning the first day of July of each calendar year and ending the 30th day of June of the succeeding calendar year.
5. unruly child - any child that does not subject the child's self to the reasonable control of the child's parents, teachers, guardian or custodian, by being wayward or habitually truant.

delinquent child - any child, except juvenile traffic offender, who violates any law of the State of Ohio including a child who violates a court order regarding the child's prior adjudication as an unruly child for being habitual truant.

Attendance Intervention Team (AIT) – Students with attendance problems may be assigned to meet with the Attendance Intervention Team. Team membership can include principal, social worker, counselor, attendance officer, teacher, parent/guardian, student, and any other stakeholder deemed appropriate. Parents/guardians are an integral part of the AIT. Three (3) meaningful, good faith attempts to secure participation of parents/guardians on the AIT will occur.

Attendance Intervention Plan – a plan developed by the school's Attendance Intervention Team to help the student improve attendance.

The district will utilize an Attendance Intervention Team at the following absence intervals to make every effort to help a student improve his/her attendance. Attendance Intervention Plans will be in place to provide direction and support for improved attendance to school. These teams will individualize the plans in order to best support for each student. On-going meetings may be necessary to adjust plans and readdress the individual's needs. The district will make every attempt to inform parents/guardians and include them in the creation and implementation of the plans.

Absences May Impact Promotion

Any student who is truant for more than 10% of the required attendance days of the current year and has failed two or more of the required curriculum subject areas in the current grade is retained unless the student's principal and teacher of the failed subject areas agree that the student is academically prepared to be promoted. "Academically prepared" means the principal, in consultation with the student's teacher(s), has reviewed the student's work and records and has concluded that, in his/her judgment as a professional educator, the student is able to progress through and successfully complete work at the next grade level.

Open Enrollment

Open Enrollment policies are available to interested parents by picking up a copy at the Board of Education Building, 425 Yoctangee Parkway, Chillicothe, Ohio 45601.

Denial of High School Credit

Revised May 2019

A large part of any student's learning takes place with the interaction which occurs in a classroom. It is imperative that students maximize the opportunity by actually being in class. Therefore, students may lose credit for any course in which they exceed 15 unexcused class absences per course.

School sponsored activities and approved college visits are not included in these totals.

1. Long-term Medicals - The Attendance Office will check long term medical notes before a denial letter is issued. Teachers will be informed of these special circumstances.

2. Appeal of Denial of Credit - Parents, students and teachers may appeal the denial of credit. The Attendance Office representative, a grade level administrator, a grade level counselor, and three teachers will review the case.

The review board will meet near the end of the first semester, the third week of January, and near the end of second semester, the third week of May to review all appeals. Students are required to remain in class and encouraged to build the strongest possible academic record. The Attendance Office will review the denials for the committee. Parents and teachers will be notified of the results of the appeal.

3. The final appeal is at the Superintendent level. Parents, students, and teachers may appeal the Committee's decision to the Superintendent who will make the final decision.

Absences May Impact Driving Privileges

If a student of compulsory school age has been absent without legitimate excuses for more than 60 hours consecutively or a total of 90 hours the Board authorizes the Superintendent to hold a hearing for purpose of denying a student of driving privilege by notifying the registrar of motor vehicles and the juvenile judge in the county.

Make Up Work

It is the responsibility of the student to get assignments and complete them in the time allotted. The number of days allowed to complete the missed work is equal to the number of days the student was absent.

Regardless of the absence type (excused or unexcused) students will be expected to make up the work and be held accountable for learning all material they missed.

Any student who is absent from school (excused or unexcused) will have 1 additional days for every day they missed to make up their work for full credit (100%) (e.g., absent 2 days = 2 days to make up work missed).

Any student who is absent from school (excused or unexcused) will have 1 additional day for every day they missed to make up their work for full credit (100%) (e.g. absent 2 days = 2 days to make up work missed).

Any student who exceeds the allotted time to turn in an assignment for full credit, can still turn in late work for partial credit. Any work, up to one {1} week late, must at least be given the opportunity to earn 75% on the assignment they turn in. Work turned in between one and two weeks late, must at least be given the opportunity to earn 60% on the assignment they turn in.

The end of the 9 weeks is the cut off point for teacher to accept late work from students for full or partial credit unless the teacher decides to give the student an incomplete for the 9 weeks.

Student who have not completed their regular assignments are not eligible to perform extra credit assignments until they have completed all their regular class assignments.

Each building in the CCSD should create opportunities within the school day for students to complete missing work such as After-School Attendance Program, Lunch Study Sessions, Recess Study Tables, etc.

Suspensions: The first time a student is suspended from school under a non-violent offense he/she will be able to make up his/her work for full credit. Each time after that or in an instance of a violent offense resulting in suspension student work will be made available even under the suspension but will not be graded for course credit.

Revised May 2019

ACCIDENTS

Accidents that occur on the way to or from school shall be reported to the principal. If a serious accident occurs, the principal will notify the parent or guardian. If the parent or guardian cannot be located, the principal will use his/her discretion as to the best course of action.

The "Emergency Medical Authorization Form" is what the school uses for information to contact family members. It is very important that this form be completed and returned to school immediately. It is also very important that any changes to your address, home telephone numbers, work telephone number, approved adults to pick up your child, etc., be given to the school office.

ASSEMBLIES and OTHER SPECIAL EVENTS

Assemblies and other special events are scheduled to enhance student educational and cultural opportunities. Students may be restricted from assemblies for behavioral reasons.

BICYCLES

Pupils are permitted to ride bicycles to school. All bicycles are to be parked in the designated area. The school is not responsible for damaged or lost bicycles. Pupils shall not borrow or lend bicycles. Safety rules for bike riding must be obeyed (no double riders, etc.). Parents are encouraged to discuss bike safety with their children before allowing them to ride their bikes to school.

BIRTHDAYS

Sending balloons, flowers, gifts, etc., to school is prohibited. Birthday parties or special treats for students and teachers are not permitted. Please understand the amount of instructional time we would lose by having student parties at school. There are times throughout the year where classrooms have special parties, i.e., Christmas and Valentine's Day.

We do not distribute party announcements unless every child in the class is invited to the party. The teacher will distribute the invitations at the end of the day to the students.

BUS TRANSPORTATION

School bus transportation is a privilege to the student provided by the Board of Education.

A. Parental/Guardian Responsibilities

1. See that the children are at the proper bus stop on time.
2. Any request to ride a bus other than the assigned one will not be granted.
3. Parents will assume responsibility for damage to a bus by their children.
4. Parents are responsible for the safety and conduct of pupils while at or going to and from pickup

Revised May 2019

points and for their meeting the bus on schedule.

5. Buses operate on a time schedule as outlined by the Transportation Director and approved by the Superintendent. Questions regarding scheduling, bus numbers, student behavior, etc., should be directed to the Transportation Director, 775-2936.

B. Pupil Responsibilities

1. While on the bus, pupils are under the authority of and directly responsible to the bus driver.

2. Be ready and waiting at your assigned stop. Too many stops slow the bus trip down and make others wait too long for pickup. The bus does not wait unless it arrives before the scheduled time or unless the student is in sight.

3. To cross the road, stay 10 feet in front of the bus where the driver can see you clearly. Do not cross roadway before the bus comes to a full stop. When safe to cross, the bus driver will signal students by dropping hand slowly and straight down after making eye contact with the students. Even then, look both ways before crossing. Walk quickly - don't run!

4. Enter and leave the bus single file in a quiet, orderly manner.

5. All pupils are expected to ride their assigned bus both morning and afternoon. They will not be permitted to ride another bus or be let off at another stop.

6. Do not carry anything on the bus that may interfere with the safe operation of the bus. These items are prohibited: firearms, explosives, knives, live animals and water pistols. Prescription drugs are not allowed on the bus. They must be taken to the school by the parent or guardian.

7. Take your seat immediately and stay seated. State law provides for three to a seat. Hold all things you carry on the bus. Keep the aisle and exit clear.

8. The bus driver is authorized to assign seats.

9. Rough play, loud talking, abusive language, or bothering others is not permitted.

10. Keep head, hands, feet, and belongings inside the bus at all times.

11. Talking at railroad crossings and all stops is not permitted.

12. Do not throw anything inside of the bus or from the bus, or shout from the windows of the bus.

13. Eating, drinking, chewing gum, littering, profanity, fighting, and any other misbehaviors are not permitted on the bus. This includes all trips taken on the bus.

14. Absolutely no drugs, tobacco of any type, or alcohol are permitted on any school property, including busses. This rule applies to all people on the bus, including drivers and passengers.

15. Pupils may transport musical instruments, athletic uniforms, class projects, etc., on the bus as long as they can be held in the student's lap or stored under his/her seat, and not by the front door. The bus driver may refuse to transport this equipment if it blocks the aisle.

16. No student will be permitted to harass other students or the bus driver.

17. No student will use the emergency door at any time other than during an emergency drill or an actual emergency.

18. No student may possess or use matches, lighters, or laser pointers on the bus.

19. Pupils will conduct themselves on the school bus as they would in the classroom except that reasonable visiting and conversation are permitted. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for refusing transportation service to any pupil.

20. Pupils will be assigned a residence side "designated place of safety" by the driver. The driver must account for each pupil at their "designated place of safety" before leaving the stop. Pupils are not to proceed to their residence until the school bus has departed.

Parents are encouraged to come to school to discuss school bus problems. The driver has the authority to enforce all the above regulations. The administration reserves the right to discipline students in relationship to the degree of the infraction that has occurred.

Students are still required to attend school even when the privilege of riding the school bus is revoked. Not

Revised May 2019

having a ride is an unacceptable excuse for absence from school. Any days missed will be considered unexcused absences.

CAFETERIA

Breakfast is served each morning. Breakfast and Lunch for ALL CCSD students are at no cost. Extra milk may be purchased for 35 cents. Ala carte items may also be purchased. These are additional to the school lunch provided for free to all students.

Menus are on the District website at: www.ccsd.us Pupils may purchase a Type "A" hot lunch or bring a sack lunch. For ala carte items and extra milk, a student may prepay so students and parents do not have to handle money daily. Students who desire to eat lunch at school have two options: what is printed on the monthly menu, or a peanut butter sandwich to replace the main food item which is the first item listed on the menu schedule of each school day.

Students are expected to clean up any food or litter they may have from their lunch. The use of appropriate table manners is always expected. A student may be moved to another area to eat if his/her behavior is disruptive to others.

CALENDAR of EVENTS

During the school year, we will keep you informed of meeting dates and special programs at the school. Both a building "Calendar of Events" and the district calendar are available to you. Please refer to them to keep you informed about numerous important events in the school. Some events were not scheduled at the time of their printing and are not indicated on the calendar.

CHILDREN'S SERVICES and OTHER AGENCIES

Caseworkers from Ross County Children's Services, with the proper identification, have the right to contact and interview any child at any school. This interview is conducted privately and without the consent of parents or guardians. The principal will normally be an observer in any interviews conducted at the school.

The right of Ross County Children's Services to conduct interviews in schools is pursuant to the responsibility given them by the authority of the juvenile laws of the state of Ohio. Other enforcement agencies may talk with a child at school or take other necessary measures regulated by the judicial laws of the city, county, state and federal government.

School personnel are required by law to report any suspected evidence of child abuse or neglect to the proper authorities.

CLASSROOM OBSERVATIONS

Parents are always welcome to visit their child's classroom and observe activity in the school. If you desire to visit the classroom, you are to provide us with at least one day of advanced notice. To assure that no unauthorized persons enter the building, all visitors will report to the school office when entering to receive

Revised May 2019

authorization before visiting elsewhere in the building.

When you observe your child in a class, you will be expected to be located in an inconspicuous area in the classroom. This will encourage all children to act in their normal fashion and, therefore, provide you with a more accurate observation your child in the classroom setting. To maintain the high quality of our education program, we ask that classroom visits be limited to approximately thirty minutes.

CLASSROOM RULES

Each teacher shall establish his/her own classroom rules within the scope of board policies.

COMMUNICABLE DISEASES & PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove a student from the classroom who has been ill or has been determined to have a communicable disease. If your child is exposed to or contracts a communicable disease (such as chicken pox), it is important to notify the school. If we are alerted to watch for symptoms, it can be helpful to your child and his/her classmates.

Discovery of Head Lice

Pediculosis or head lice, is a nuisance condition. According to the CDC (Centers for Disease Control), in the United States, infestation with head lice is most common among preschool and elementary school-age children and their household members and caretakers.

Head lice are not known to transmit disease; however, secondary bacterial infection of the skin resulting from scratching can occur with any lice infestation. Getting head lice is not related to cleanliness of the person or their environment. Hair length, and the frequency of shampooing or brushing does not influence the risk of a head lice infestation. Head lice are mainly spread by direct contact with the hair of an infested person. The most common way to get head lice is by hair-to-hair contact with a person who already has head lice. Such contact can be common among children during play at school, home, and elsewhere (e.g. sports activities, playgrounds, camp, church/community activities and slumber parties). Uncommonly, transmission may occur by wearing clothing, such as hats, scarves, coats, sports uniforms, or hair ribbons worn by an infested person; using infested combs, brushes or towels; or lying on a bed, couch, pillow, carpet, or stuffed animal or pet that has recently been in contact with an infested person.

Current positions of national organizations (The National Association of School Nurses, The American Academy of Pediatrics and the Harvard School of Public Health) recommend that schools eliminate their "No Nit" policy. In order to maximize academic achievement, school attendance should not be compromised because of a case of head lice.

When a student is found to have an active infestation of Pediculosis, as defined by the presence of live lice or nits:

- The parent or guardian will be notified by a school official. The nurse or building administrator will make a professional judgment regarding exclusion arrangements depending on their assessment of the situation.

Revised May 2019

- School health services staff will educate the parents about head lice treatment and control with verbal and/or written instructions, along with conditions for readmission to school. Students will be expected to be checked in by the nurse or other trained staff member after appropriate treatment has been received at home. A parent or guardian will be expected to bring the child to school for the readmission check.
- Upon readmission to school the student will be checked by the school nurse or trained staff person. If the student is found to have continued active lice and/or infestation (live bugs and/or no progress in nit removal) the parent will be re-instructed on treatment measures, to ensure the timely return of the student to school.
- The teacher will be notified when a student in the classroom has head lice. A notification letter, instructing parents on head lice identifying, monitoring and treatment measures, may be sent home with students in the affected child's classroom.
- Because mass screenings lead to embarrassment, misdiagnosis and unnecessary treatment, the nurse will not routinely screen classmates of the infested student.
- If the parent or guardian is not compliant with treatment options and the student misses several days, the school administrator may schedule a parent conference or referral to an outside agency for assistance.

COUNSELING

The Chillicothe City School District collaborates with Integrated Services of Appalachian Ohio and The Counseling Source to assist families and students of social-emotional, mental health and behavioral issues. Both agencies provide services to students during the school day following a brief intake process. If you are concerned about your son or daughter or would like additional information please contact your child's building principal.

CUSTODY RECORDS

In situations where custody of a child is assigned to one parent by a court decision, the school must have a copy of the court decision in order to abide by the decision. The teachers, secretary, and principal are not able to accept a parent's verbal or written notification as to who has legal custody. Both parents will be treated as having equal custody and rights until legal documentation is presented to the school office to stipulate otherwise.

In situations involving custody and visitation rights, we strongly urge the parents to make all arrangements for child care outside of school and not place the child or school staff in any difficult situations.

DANGEROUS WEAPONS

The Board is committed to providing the students of the District with an educational environment which is free of the dangers of firearms, knives and other dangerous weapons.

The definition of a firearm shall include any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in 18 U.S.C.A. Section 921.), which includes any explosive, incendiary or poisonous gas, bomb, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge or more than one-quarter ounce, mine or device similar to any of the devices described above.

Revised May 2019

Students are prohibited from bringing a firearm on school property, in a school vehicle or to any school-sponsored activity. If a student brings a firearm on school property, in a school vehicle or to any school-sponsored activity, the Superintendent shall expel this student from school for a period of one calendar year and notify the appropriate criminal justice or juvenile delinquency authorities. Any such expulsion shall extend, as necessary, into the school year following the school year in which the incident occurred. The Superintendent may reduce the one-year expulsion on a case-by-case basis.

Matters which might lead to a reduction of the expulsion period include: An incident involving a disabled student and the incident is a manifestation of the disability; the age of the student and the relevance to the punishment; the prior disciplinary history of the student; and/or the intent of the perpetrator.

Students are also prohibited from bringing knives on school property, in a school vehicle or to a school-sponsored activity. The definition of a knife includes, but is not limited to, a cutting instrument consisting of a blade fastened to a handle. If a student brings a knife on school property, in a school vehicle or to any school-sponsored activity, the Superintendent shall expel the student from school, subject to the same conditions stated above. **No one can have a weapon on school grounds.**

EMERGENCY PROCEDURES

The school has developed procedures for precautions to be taken during a general calamity, e.g., fire, tornado, severe weather, etc. Pupils are instructed by classroom teachers and regular drills are conducted on the proper procedures to be followed in various emergencies.

Should an individual child experience some accident or illness that could be considered of an emergency nature, the school office maintains an emergency notification card listing specific directions for each child. If the emergency contacts cannot be reached, the principal will take action at his/her discretion.

If the information on our "Emergency Medical Authorization Form" should change, the parent is to notify the school immediately. Examples are: change of address or telephone number and addition or change of person given permission to pick up your child from school.

EMERGENCY SCHOOL CLOSINGS or DELAYS

Occasionally, schools are closed due to inclement weather conditions. When this occurs, parents should monitor the local radio stations for announcements about school closings. It is very important for families to listen to the radio stations and check district social media (Facebook and Twitter) for school delays/ closing on any day weather may be a factor. Do not call the school for this information, since the radio stations will also have the most current information directly from the Superintendent of schools.

When the start of school is delayed, students will not be permitted in the building until ten minutes before the rescheduled start time of school. In the event that school is closed during the school day, parents must have made prior arrangements with their child about where he or she is to go. This should be done at the beginning of each school year. A separate letter will be sent home at the start of school for parents to indicate emergency child-care arrangements at school. Parents will have the opportunity to have a recorded message sent to their home or cell phone about emergency closings.

ENTRANCE and IMMUNIZATION REQUIREMENTS

Revised May 2019

A child must be five years old on or before August 1 to be enrolled in kindergarten. At the time of enrollment, parents must provide a birth certificate, a copy of the child's immunization record, a Social Security card, and proof of residency in order to complete their child's registration.

Immunization shall include five DPT doses (if the fourth dose was administered before the child's fourth birthday), four polio doses (if the third dose was administered before the fourth birthday), two MMR given after the first birthday, and three doses of Hepatitis B vaccine.

No pupil shall be admitted into school unless such pupil has presented written evidence from his/her physician or the Board of Health, that he/she has been immunized according to the program as approved by the State Legislature and the Chillicothe Board of Education. Any student who presents a written statement in which the parent or guardian objects to the immunization for good cause, including religious convictions, is not required to be immunized.

Chillicothe City Schools will not admit any child to first grade who has not successfully completed kindergarten unless this requirement is waived by the district Special Services Director. This policy is in accordance with Ohio Senate Bill 140.

Any document relating to custody must be presented at the time of enrollment.

FIELD TRIPS

When field trips are taken to enrich the instructional program and provide some firsthand experiences for children, various classes will participate in field trips. These trips are considered an integral part of the instructional program and offer a unique experience for students. There may be rare instances a student may not be permitted to go on field trips due to disciplinary actions.

Teachers will inform parents of the purpose of the trip as well as the place, date, time, cost and means of transportation for a trip. A permission form will be included in each child's beginning of the year packet along with other required documents for parents to give their permission for their child to participate on any trip. Without your written permission, your child will stay at school.

GIFTED PROGRAM

Annually, the CCSD assesses children in grades 3 and 5 to identify those as gifted, per the Ohio Department of Education Gifted Identification criteria. Students may qualify to be identified as gifted in the following areas: superior cognitive ability, specific academic ability in one or more content areas, creative thinking, and visual or performing arts. The Board of Education encourages efforts to provide services for the students who are gifted as an integral part of the total kindergarten through 12 program. Identified elementary students receive services in the classroom through differentiated instruction in all content areas.

A Written Education Plan (WEP) will be created by each teacher, with parent input, having qualifying students. Referrals for testing can be made through the Student Services Management Team (SSMT), Principal, or Special Services Department.

Revised May 2019

GRADING POLICIES and PROCEDURES

The achievement of each student shall be reported to his/her parents by a report card sent home each nine-week period.

The primary years (first and second grades) are developmental in nature. Based on this philosophy, no averaging will be done. The teacher will record the fourth nine-week grading period on the cumulative folder as the end of the year grade. Students will be evaluated using Outstanding (O/+), Above Average (S+/✓+), Average (S/✓), Below Average (S-/✓-), or Unsatisfactory (U/-)

HOMework

Homework is reinforcement, expansion, or enrichment of the material taught in the classroom. Homework is an expectation for all students and is an integral part of the learning process. The student is responsible for the completion of his/her daily assignments. Homework may be considered as much as ten (10%) percent of the grade for a nine-week period.

Students are permitted to make up all worked missed, including homework assignments. It is the responsibility of the student to get assignments and complete them in the time allotted. The number of days allowed to complete work missed during an absence is equal to the number of days the student was absent; i.e., a student absent for five days must have the work completed within the first five school days after returning to school

If a child is going to be out of school for multiple days for an excused reason and wants to receive their homework assignments during their absence, please call the office secretary to request homework assignments. Allow 24 hours for assignments to be available for pickup in the office.

HONOR ROLL RECOGNITION

Students in the third grade and above will be recognized for their academic achievements by qualifying for

Revised May 2019

an "Honor Roll." There are two levels of honor rolls: Honor Roll 3.0-3.49 and High Honor Roll 3.5-4.0.

LOST and FOUND

Lost and found articles are kept in a designated area. *Please encourage your child to check in the office for lost items.* Unclaimed articles are discarded. It is suggested that parents label lunch boxes and clothing when possible to assist the school in returning the lost items to the proper students.

MEDICATION

Medication will not be provided during school hours except as specified below. Exception to this policy may be made when a building principal, in consultation with physicians, parent, and teachers, determines that the well-being and safety of the student and the circumstances require special consideration.

When an exception is approved by the principal, the medication will be dispensed by the building principal, building secretary, school nurse, or an appropriate person appointed by the building principal. Liquid medication which is to be measured shall not be dispensed under any circumstances. No employee shall use certain procedures, such as injection, to administer a medication to a student, except as otherwise provided by the Education for All Handicapped Act and with the exception of Epi-Pen and Gluagon.

Pertaining to an approved exception, no medication that is prescribed by a physician for a student shall be administered to that student unless:

1. The principal receives a written request that the drug be administered to the student which is signed by the physician and the parent, guardian, or other person having care or charge of the student.
2. The signed statement that is presented to the principal shall include the following information:
 - A. The name and address of the student.
 - B. The name of the drug and dosage to be administered.
 - C. The times at which the drug is to be administered.
 - D. The date the administration of the drug is to begin.
 - E. The date the administration is to cease.
 - F. Any severe, adverse reactions that should be reported to the physician and one or more phone numbers at which the physician can be reached in case of an emergency.
 - G. Any special instructions for the administration of the drug, including sterile conditions and storage.
 - H. A sentence stating that the "Chillicothe City School personnel will not be held liable when such assistance is requested."
3. Inhalers are considered medication and fall under the medication guidelines listed in this section.
4. The parent, guardian, or person having care of the student agrees to submit a revised statement signed by the physician if the previously provided information changes.
5. All medication must be received by a person authorized to administer the medication in the container in which it was dispensed by the prescribing physician or a licensed pharmacist or in the case of non-prescription medications, in the container in which it was originally purchased.

Revised May 2019

6. All medication shall be stored in a location that is locked except medications that require refrigeration may be kept in a place not commonly used by students.
7. A written documentation of all medication administered shall be kept in the principal's office.
8. The medication must be delivered to the principal's office by the parent, guardian, or person having care of the student. Students are not to deliver medication to school.
9. No person employed by the Board will be required to administer a medication to a student except pursuant to requirements established under this policy.
10. The Board shall not require an employee to administer a medication to a student if the employee objects, on the basis of religious convictions, to administer the medication.

The role of the school will be one of cooperation with the parent and the student. The school will dispense medication only if there is no other feasible way and all of the above guidelines have been followed.

The intent of these procedures is to ensure that no medications will be administered at school without administrative approval.

OPEN ENROLLMENT

Open enrollment is a program which allows a parent to request their child attend a school other than their home attendance school. Parents are to make application for this program each year in the month of April. Parents must reapply each year to maintain their child in the open enrollment program. Additional information is available from the school office or the Board of Education (740-775-4250) for those parents interested.

Parents who provide false, inaccurate or misleading address information may have their child removed from their open enrollment school to return to their home school.

PARENT-TEACHER COMMUNICATION

Parents are encouraged to call the school when the need arises. Teachers may be contacted by sending a note to school, email, class dojo message or by phone call. If you call during the school day, the secretary will leave the teacher a message to return the call. If you wish to have a conference with your child's teacher, please call ahead to make an appointment. Teachers' schedules make it very difficult for "drop-in" conferences. If you have difficulty scheduling a conference, the principal will assist you.

PARENT ADVISORY

You are encouraged to be involved in your child's school. Numerous activities are made possible for parents to be involved in the activities of the school, through financial support and/or personal volunteer efforts. Additional information will be made available throughout the school year.

PARENT PARKING

Revised May 2019

Parents who bring or pick up their child in their car must be aware of safety for all children. In the morning when school is beginning and in the afternoon when school is over, the children are excited and want to run, often forgetting about their personal safety. These are the most dangerous times of the day and your adult supervision is necessary to help ensure their safety.

PERSONAL PROPERTY

Parents are encouraged to have their child leave at home all non-school items which don't belong in school and can cause distractions. These items can be broken, lost, or taken while at school and we will not take responsibility for their safety, if brought to school.

However, from time-to-time a child may be asked to bring in items to share with the class related to subjects being studied or a show-and-tell event. In this situation, it is appropriate to bring in items which normally would be discouraged. A note from the child's teacher will usually be sent home to explain the unique situation involved.

Items brought to school deemed to be inappropriate by the school staff will be held by the teacher or placed in the office during the day and may be picked up by the parent.

PETS (FAMILY) AT SCHOOL

Many students have pets and like to have family members bring them to school when being picked up at the close of school. However, pets are NOT allowed at school. Some of the students are not comfortable around pets and some have allergies to animals. There is also the liability involved by bringing a pet that may hurt a child because it is in an unfamiliar, noisy and crowded environment with students.

PROFESSIONAL QUALIFICATIONS OF CLASSROOM TEACHERS

Teachers in the Chillicothe City Schools have degrees. All staff participates in an ongoing professional development program that updates them in the latest strategies to increase student performance.

Parents may request information regarding the professional qualifications of their child's classroom teacher, including:

- If the teacher has met state qualification and licensing criteria for the grade level and subject areas taught.
- If the teacher is teaching under emergency or provisional status.
- Baccalaureate degree major, graduate degree, and field(s) of discipline.

If the student is provided services by a paraprofessional, the parent may request the qualifications of the paraprofessional. There will be a timely notice if students are assigned to be taught, or have been taught for four or more consecutive weeks, by a teacher who does not meet the "highly qualified" federal standards.

RELEASE OF STUDENT DIRECTORY INFORMATION

Under provisions of Ohio Revised Code 3319.321, the schools will make available, on request, "directory information." Directory information is a student's name, address, date and place of birth, photograph, major

Revised May 2019

field of study, participation in officially recognized activities and sports, height and weight if a member of an athletic team, dates of attendance, date of graduation awards received or any other information which would not generally be considered harmful or an invasion of privacy, if disclosed. Directory information shall not be provided to an organization for profit-making purposes. Parents and adult students may refuse to allow the school district to disclose any or all directory information upon written notification to the district by submitting in writing to the Principal of the student's school the specific information not to be disclosed. Request to withhold Directory Information must be received by September. You must indicate on the parent sign-off form at the back of this book if you do not want your child's directory information released.

RELEASE OF STUDENT PHOTOS, MEDIA INTERVIEWS

During the year, the Chillicothe City Schools often have the opportunity to photograph and videotape students in a variety of school related activities. Student recognition programs, academic programs and fine arts programs are a few examples of these activities. As such, these personally identifiable photographs and/or videotape may be used in communication tools such as the district newsletter and calendar and in communicating with the media such as allowing interviews or photographs with students. The district reserves the right to deny media requests for student interviews at any time.

Highlighting achievements in our schools is an integral part of reporting responsibly to our community and is a way of sharing the success of our schools and students. For this reason, the district has designated student photographs as "directory information." However, it is our primary goal to respect your privacy. Parents have the right to submit a written request to the building principal, within two weeks after the first day the student is enrolled in a school year, directing the district not to release the information as listed above. The written request or any questions should be directed to the building principal.

RECESS

Children are outdoors for recess each day, weather permitting. They should be dressed according to weather predictions. If health conditions dictate that your child is unable to participate in outdoor activities, please send a doctor's excuse.

ROOM PARENTS

A room parent's function is to assist when requested by the teacher: assist with parties, chaperone on field trips, assist with other functions as they relate to classrooms, and assist and support school activities when related to that room and the total educational program of the school.

SAFETY PATROL

The Safety Patrol is for the protection of students while they are on their way to and from school. Students selected for Safety Patrol are considered to be dependable and dedicated in their concern for others. The success of this program depends upon parents and teachers explaining to younger students the purpose of the Safety Patrol. Students are to obey the directions of student Safety Patrols for their own safety.

Revised May 2019

If a parent parks across the street from the school to deliver or pick up a child, the parent must come across the street and escort the child back across the street to their car. The most dangerous times of the day are at the start of school and at the end of school and this safety practice must be followed.

SCHOOL HOURS

Grades K -6—school day is 7:40 AM to 2:05 PM

Subject to adjustments due to transportation

Any change in the above schedule will be announced in advance. The school will not accept responsibility for any child before 7:20 AM in the morning nor after 2:05 PM in the afternoon. Parents are asked to make arrangements with their child to follow these attendance hours for his/her safety.

SCHOOL PARTIES and CLASS TREATS

There are two scheduled school parties each year: Christmas and Valentine's Day. Parent representatives and the teachers help in the planning of any school parties. School parties are governed by Board of Education policy and by the principal.

SCHOOL PICTURES

School pictures are taken each year. Parents will be notified of the date and cost of the pictures as well as payment arrangements prior to picture day.

SCHOOL RECORDS

Parents may inspect and review the student's education records upon request. Persons should submit to the student's principal a written request which identifies as precisely as possible the record or records they wish to inspect. The principal will contact the parent of the student to discuss how access will be arranged. The principal will make the needed arrangements as promptly as possible and notify the parent of the time and place where the records may be inspected. This process must be completed in 45 days or less from the receipt of the request for access.

SPECIAL CLASSES and SERVICES

Part of the regular instructional program includes instruction in the areas of Art, Music, and Physical Education. In some instances, there will be special needs for these classes, e.g., gym shoes on some days when a pupil has physical education. It is suggested that the parent become acquainted early in the year when these classes are scheduled.

The school system has special services available to qualifying students. These special services are available at each elementary building and are to aid in the educational process of your child. The special services available are:

- * Guidance and testing
- * Speech and Language Development
- * Nurses
- * Special Intervention Program

Revised May 2019

- * Audiology and Vision Services
- * Physical/Occupational Therapy

- * Referrals for Mental Health Services
- * Summer Remediation/Enrichment

STUDENT HEALTH CONCERNS

If your child has a health problem, please ask your physician to put it in writing for the school's records and update the information at regular intervals. Mutual understanding regarding health problems can help us better care for your child.

Please contact our school nurse about any health issues.

Students are to be **free of a fever for 24 hours** before returning to school.

SSMT (Student Services Management Team)

The CCDS has a Student Services Management Team (SSMT) in place in every building. The SSMT meets on a regular basis to review and determine a plan of intervention to address any academic or behavioral needs that are adversely impacting a student's performance in the classroom. The SSMT is comprised of teachers, related service staff and other specialists within the district. The SSMT process includes communication with the parent and student. If a parent believes that their child is having ongoing difficulties in the classroom and believe that the child would benefit from a team of professionals reviewing the needs of the child and determining if the child would benefit from a written intervention plan, please contact your school principal or your child's teacher. In the event that a student fails to make adequate progress, specific to the area of concern, after going through the SSMT process a child may be referred for a multi-factored evaluation. The SSMT is also in place to provide guidance in the area of gifted education.

SUPPLIES

At the beginning of each year, your child will be given a list of the supplies needed. The teachers will send the list home. In addition to the usual pencil, paper, crayons, scissors, etc., most pupils will use workbooks throughout the year.

“TAKE YOUR CHILD TO WORK” DAY

This day is growing in interest with more students being absent from school due to their participation in this day to see what a parent's day at work is like. However, the school system is not a sponsor of the event and if your child is going to miss school for this event, you are expected to complete a form and submit it to the office five (5) days before the date of expected absence.

TELEPHONE USE

Students may not use the office telephone except for emergencies. Also, students cannot be called from class to accept telephone calls. Important messages for students may be taken by the secretary and delivered to the student during the day. Parents are to have arrangements for transportation home after

Revised May 2019

school made before the child comes to school. Frequent changes in plans and calls to school to relay messages are disruptive. Please see Electronic Devices for full cell phone policy.

TEST SECURITY/STANDARDIZED TESTS

Each year, Chillicothe students are required to take a number of “standardized” tests. These include state achievement tests and “norm-referenced” tests such as the Terra Nova. All of these tests are considered “secure.” The tests must be kept locked up when not in use and students should refrain from discussing test times or otherwise divulging information regarding the content of these tests - even after the test is given. Any student sharing information with others regarding secure tests or cheating in any other way will be referred to the building administrator for disciplinary action.

TEXTBOOKS

Textbooks are issued to students at the beginning of the school year. Books should be treated with care and returned in good condition. Students who lose or damage a book will be charged a fee based on the book's condition.

TITLE VI & TITLE IX, ANTI-DISCRIMINATION

The school district affirms that no person shall, on the basis of sex, race, color, national origin, or handicap be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity conducted under its auspices. This shall extend to students and employees therein and to admission thereto. Inquiries concerning the application of this policy may be referred to the assistant superintendent or any principal.

Policies of the Chillicothe City Schools prohibit discrimination- including but not limited to harassment in the school district's education activities, employment practices, programs and services on the following bases: race, color, national origin, ancestry, citizenship, religion, handicap/ability level, age, sex or sexual orientation. For this purpose harassment is defined as including slurs, unwelcome sexual advances and requests for sexual favors, or other verbal, nonverbal, or physical conduct which results in discriminatory treatment or creation of a hostile environment for work or education.

This policy meets all requirements and directions of the U.S. Department of Education under Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendment of 1972, and Section 504 Rehabilitation Act of 1973. Inquiries should be made to the Assistant Superintendent, Chillicothe City Schools, 425 Yoctangee Parkway, Chillicothe, Ohio 45601, or phone 740-775-4250, ext. 16113.

VISITORS

The following rules and regulations have been adopted by the Chillicothe City Board of Education governing school visitors.

1. In compliance with Board of Education policy, all visitors to the building must report to the school office when they arrive at the building. This is for the safety of all students. This includes parents who bring
- Revised May 2019

items to school such as lunches, musical instruments, lunch money, school work, books, library books, etc. **Parents are not to go directly to their child's classroom at any time without prior arrangements.** The time before school is not "free time" for the staff. This is part of their planning and preparation time and the teacher may not have enough time to meet with you without prior arrangements.

2. No person shall trespass or loiter in any school building of the Chillicothe City School District or on the grounds thereof.

3. No person or group of persons shall remain in any school building or on the grounds thereof after being requested to leave by a principal, teacher, member of the administrative staff, or any person assigned to the duties of custodian.

4. No person shall knowingly possess, have under the person's control, convey or attempt to convey a deadly weapon or dangerous ordinance into a school safety zone. (ORC 2923.122)

5. Any person who fails to comply with the provision of any of the preceding sections shall be in violation of the rules and regulations of the Board of Education and may result in police being summoned.

This policy has been adopted for your child's protection. Your cooperation in abiding by this policy will be greatly appreciated.

Upon entering the building, please come to the office first. Parents are not to go directly to a classroom.

VOLUNTEERS

You are encouraged to be involved in your child's school. Volunteers are always needed for reading one-on-one with students, practicing sight words, math flashcards, and even putting materials together for a project.

Classrooms need volunteers throughout the school year. We will be asking for Head Room Parents at the beginning of the school year for each classroom. A room parent will help to assist the teacher when requested with Classroom Parties, other activities in the classroom, and school activities.
